VOLUME 1.

MARYVILLE, MISSOURI, FRIDAY, MARCH 10, 1911.

NO. 234.

## INCREASE OF \$2000

FOR THE MARYVILLE STATE NORMAL SCHOOL.

## PASSED THE SENATE

Thursday Afternoon—Makes Salary Fund for the Institution \$72,000.

The senate at Jefferson City last Thursday afternoon passed the educational appropriation bill. The bill carried with it an increase of \$2,000 for the salary fund of the Maryville State Normal school, making the salary fund for that institution \$72,000. The bill at first was for \$65,000 for that purpose, and it was raised soon after \$5,000 more, making \$70,000. Representative Craig and President Taylor thought that this would not be enough, so an increase of \$2,000 was asked for, which was granted by the state senate.

The \$72,000 for salaries for the Normal school will insure that this state institution will be amply able to go ahead with its work, and that many able teachers and new departments may be secured for the school.

Representative Craig and President Taylor, with the assistance of others, deserved great credit for getting the appropriation increased. When the news was received in Maryville late Thursday afternoon it was well received, as it meant much for the school, and as it will be well able to meet the demands.

### Will Go to Kansas.

W. L. Perdew, living in the Rockford neighborhood, southwest of Maryville, has traded his farm to James Dyer, in the same neighborhood, and will hold a public sale preparatory to moving to Burrton, Kan., to make his permanent home. Mr. and Mrs. Perdew have a son, Lawrence Perdew, in Kansas, who has land there, and we understand that their daughter and her husband, Mr. and Mrs. Ed Yearmark, living near Graham, will accompany them to Kansas.

### Went to St. Joseph.

Mr. and Mrs. Charles Butler of Hopkins, who had been visiting in Maryville with Mrs. Butler's sister, Mrs. Charles Strawn, went to St. Joseph Thursday evening to see "Ben Hur."

## ENGROSSED CRAIG'S COUNTY UNIT BILL

Jefferson City, March 10.—The house Thursday suspended the rules and by a vote of 84 to 47 engrossed the county unit bill introduced by Representative Craig of Nodaway county. The precinct unit bill was also engrossed. There was no debate on the engrossment of the bills, as the fight is scheduled when the bills come up on final reading for passage.

## MISS ESTES TO SPRINGFIELD REPUBLICAN

Miss Dora Estes has resigned her position as business manager of the Tribune to accept a position as cashier and chief accountant for the Springfield (Mo.) Republican. Miss Estes

MISS DORA ESTES.

left Friday for that city, so as to commence work Monday. Elmer E. E. McJinney, formerly in partnership with Curtis Wray in the Maryville Tribune, is the editor of the Springfield Republican.

Miss Estes has been with the Tribune fifteen years, starting out as a type setter in the composing room. Later she commenced work in the business department, and for the last eight years has been business manager of that paper. The Tribune is 18 years old.

Miss Estes will make her home in Springfield with Mrs. Mary H. Webb, formerly a resident of Maryville.

Her many friends are sorry to see her leave Maryville, but wish her success in her new position. Miss Estes goes to Springfield with quite an advance in salary, and the Tribune was very unwilling to accept her resignation.

## BE SURE TO SEND IN SAMPLES BY MAR. 20

President Taylor of the State Normal school, in talking of the agricultural department of the school testing seed corn for the farmers, said that he had received a large number of samples of corn to be tested, and he would like to have more to send in their samples.

Those desiring to take advantage of this offer should be sure to send in their samples before March 20, as it will be impossible to accept samples after that date.

In sending in samples to the Normal school, the farmers are requested to follow these directions:

Take two kernels from each of fifty ears of corn you intend to plant. Place the 100 kernels in a strong envelope or bag made for the purpose. Wrap the package securely so that it may be sent through the mail. Place your name and address in the upper left-hand corner. Put on the postage required, a two or three-cent stamp, and address the package to the Northwest State Normal school, Maryville, Mo.

Then, will you be kind enough, in a separate letter, to state when the seed was gathered and how it was stored during the winter. Should corn enough not be saved for seed, and it is intended to use seed from the crib, pick out the seed corn now, and send two kernels from each of fifty ears. This corn should be tested by all means.

## CHIEF GUNNER ON MINNESOTA FLAGSHIP

Mr. S. J. White, chief gunner on the flagship Minnesota, is visiting at the home of Mr. and Mrs. John Murrin as the guest of Miss Charlotte Murrin. Mr. White is off on furlough and will spend his leave of absence at his home in Kansas City. He has just returned from a 'round the world cruise, landing at Norfolk, Va., recently.

### Will Study With Mr. Espinal.

Miss Besse Scott went to St. Joseph Friday for a few days' visit and will be the guest of Miss Vivian Penne-well. She will attend the "Ben Hur" show Friday night. While in St. Joseph Miss Scott will take her first vocal lesson under the instruction of Mrs. Luis Espinal, the Italian baritone.

Mrs. Clara Simpson of Barnard, who has been visiting her brothers, G. W. Smith of Clarinda and W. X. Smith of Maryville, returned home Thursday.

## MEXICAN REVOLT

CAPT. COOK ASKED BY ADJUTANT GENERAL IF HE WILL GO.

## DOUBTS SWEEP AWAY

As the Administration No Longer Hides Purpose—Statement of the President.

Captain Cook of Company F received a telephone message Thursday night from Lieutenant McDonald at St. Joseph, saying that Adjutant General Rumbold had telegraphed him to find all of the officers wishing to go to the Texas maneuvers, and to report at once, and that orders and transportation from the war department will be furnished. Captain Cook told Lieutenant McDonald that the officers of Company F would be willing to go and were ready.

Approximately there are 250 officers of the National Guard of Missouri who are eligible to appointment in the United States army in the event of war being declared with Mexico. Adjutant General Rumbold of Missouri, upon receipt of a telegram from the war department asking for a list of Missouri guard officers, wired the commanding officer of each regiment of N. G. M. asking for a list of officers who may desire to take part in the maneuvers, or, as it is interpreted here, in the active work of a campaign in Mexico. Fully 200 of them will be willing to go.

Washington, March 10.—That the administration has decided to dissemble no longer its reasons for the sudden and unprecedented movement of troops to the Mexican border is indicated by the following dispatch, received from the staff correspondent of the Associated Press, who is accompanying President Taft on his journey to Atlanta.

The dispatch, dated Charlottesville, Va., through which place the president's train passed, is as follows:

"All doubt as to the purpose of the government in sending 20,000 troops

FRANCISCO DE LA BARRA.

to the Mexican border has at last been swept away. The United States has determined that the revolution in the republic to the south must end. The American troops have been sent to form a solid military wall along the Rio Grande to stop filibustering, and to see that there is no further smuggling of arms and men across the international boundary.

"It is believed that with this source of contraband supplies cut off the insurrectionary movement, which has disturbed conditions generally for nearly a year without accomplishing anything like the formation of a responsible independent government, will speedily come to a close.

"There no longer is reason to doubt that the sudden move on the part of the American government was the result of either unofficial representations of foreign governments regarding the situation in Mexico, or the intimation that several of the European powers were sounding each other as to the desirability of making representations to the United States at an early date."

Before leaving for Atlanta President Taft had a protracted conference with Senor de la Barra, the Mexican ambassador, and assured him that the Mexican government and people need have no concern as to the intention of the United States in this military demonstration, no matter what gossip there might be to the contrary. The ambassador said he was more than satisfied with the president's assurances.

### Telegrams of Invitation.

The war department made public the text of the telegram which was

sent to the adjutants general of the several states, inviting a "limited number" of militia officers to avail themselves of the opportunity afforded by the maneuvers for observation and technical study.

The dispatch was as follows: "The adjutant general of all states and territories and the District of Columbia: In connection with the mobilization of federal troops for maneuver purposes I am instructed by the secretary of war to inform you that the department desires to extend to a limited number of officers of the organized militia an opportunity to attend these maneuvers for purposes of observation and instruction."

"With this end in view, it is requested that you furnish this office, at the earliest practicable date, a list of names and officers, line or staff, of the organized militia of your state whom you recommend for such duty, giving the name of each officer, his rank and arm of service, and the probable time that he will be able to report and to remain at the encampment."

"The department will consider this service as falling within the provision of section 15 of the militia law, and, therefore, the pay and transportation of such officers will be defrayed by regular army disbursing officers from the special annual appropriation for joint maneuvers."

"It is required that in presenting the names of these officers you will accompany the request with an estimate of their pay and transportation to the nearest maneuver camp."

## SENATE KILLS BRANCH 'AGGIE' SCHOOLS FRIDAY

Jefferson City, March 9.—Mound City, Cameron, Stanberry and Albany have lost their chance for getting a branch of the state agricultural college. The senate today, by a vote of 11 to 17, defeated Senator Buford's bill providing for locating two of these colleges, one north of and the other south of the Missouri river.

Senators Gardner, Lane and Humphrey fought the bill on the ground that the agricultural college at the state university is ample to give such needed agricultural instructions.

Buford, Carter and Wilson supported the bill as one in the interest of the farmer boys who want a college nearer home than the university.

Senator Wilson declared that Mound City and Cameron, in addition to Stanberry and Albany, are each admirably located for such a college.

Senator Carter was discussing the bill and said that Albany offered 160 acres of land and a fine church building for this college, when Senator Ly-saght asked:

"Don't you know that the Bible says 'You shall not deprecate the house of the Lord for agricultural purposes?'"

Carter replied that he had not learned that Bible misquotation.

## LEFT FOR SCHOOL WORK IN OKLAHOMA

Miss Stella Q. Smith, a daughter of Mr. and Mrs. C. Q. Smith of this city, left Friday morning for Oklahoma City, Okla., where she will begin work next Monday as a teacher in the public schools of that city. Her sister, Miss Frances Smith, is the Latin teacher in the high school of Oklahoma City.

Miss Smith has been a teacher in the Maryville schools the past eight years. She is an indefatigable worker with her students and a fine disciplinarian, is a graduate of the Maryville high school and Maryville Seminary, and also attended the Warrensburg State Normal. She has supplemented her school work with a wide range of reading and courses of study with fellow teachers, and is considered one of the best teachers in our city. She is popular socially and one of the leading members of the P. E. O. chapter. Her departure from her native town is sincerely regretted by a large circle of friends, prominent among whom are pupils and parents, all of whom extend kindest wishes for success in her new field.

Miss Smith had expected to go to Oklahoma City the coming September, but the vacancy in the schools of that city at present made it necessary for her to take advantage of this opening.

The vacancy in the Maryville schools caused by her resignation will be ably filled by Miss Myrtle Eckles.

Miss Florence Gallup of Shenandoah came to Maryville Friday morning to spend the day with her uncle, Bert Gallup, at the Crystal theater.

Mrs. R. B. Gex and daughter, Mrs. William V. Mountjoy, of near Graham, were Maryville visitors Friday.

## DEATH OF MRS. OMAN

DIED FRIDAY MORNING AT THE HOME OF HER DAUGHTER.

## SEVENTY-FIVE YEARS OLD

Was Born in Roaring Creek, Pa.—Funeral Services to Be Held Saturday.

Mrs. Harriet Oman died at 3:20 o'clock Friday morning at the home of her daughter, Mrs. Alice R. Perrin, 309 West Second street, after a few days' illness of pneumonia.

The funeral services will be held Saturday afternoon at 3 o'clock, at the First Methodist Episcopal church, conducted by the pastor, Dr. J. S. Ford, assisted by Rev. W. J. Parvin of the M. E. church, South. Interment in Miriam cemetery. The W. R. C. will attend in a body.

Mrs. Oman appeared in her usual health last Saturday, and in the afternoon had made preparation to attend the meeting of the Woman's Relief Corps, when she was taken suddenly ill and grew gradually worse until her death. Her daughter-in-law, Mrs. Charles H. Oman of St. Joseph, came to assist in caring for her, and everything was done that physicians and her family could think of to save her life, but her heart was so weakened by the disease that their efforts were of no avail. As soon as it was known that she could not live, her granddaughter, Miss Lottie Perrin, was summoned from her music studies in Chicago, but she could not reach Maryville before Friday morning, four hours after Mrs. Oman's death.

Mrs. Oman was a native of Roaring Creek, Columbus county, Pa., where she was born March 23, 1835, making her nearly 75 years of age at the time of her death. Her maiden name was Harriet J. Hower. Her mother was a Quaker, but later became a Presbyterian with her husband, and Mrs. Oman was raised in that faith. Mrs. Oman became a member of the Methodist Episcopal church in young womanhood, shortly before her marriage to her husband, John A. Oman, which occurred at Mt. Pleasant, Pa., May 6, 1856.

In 1860 Mr. and Mrs. Oman moved to Schoolcraft, Mich., where he engaged in business as a shoe dealer. During the civil war he enlisted for service in Company F, Twelfth Michigan Volunteer Infantry. About thirty years ago Mr. Oman and his family moved to Malvern, Ia., and lived two years, and then to York, Neb., where he engaged in farming. In 1884, while riding a mowing machine, his team ran away and he was killed. Since that time Mrs. Oman made her home with her two children, Mrs. Alice R. Perrin of Maryville and the late Charles H. Oman of St. Joseph, who died a few months ago.

Mrs. Oman was a true, sweet, Christian woman. Her motto in life seemed to be "Judge not," for she was never known to speak an ill word of anyone. She was a most devoted mother, and her devotion to her grandchildren and their love for her was well known. She has many friends who mourn the loss of a lovely, kind, patient, cultured Christian mother and friend.

## M.W. TEAM WILL PLAY FRIDAY EVENING

The basket ball game this Friday evening in the Normal gymnasium between the local girls and the Missouri Wesleyan team is perhaps the best drawing card that has been put on at the Normal this winter. Both teams have been doing hard work preparatory for this contest, and both expect to win.

The local team is weakened somewhat by the loss of one of the star guards, Miss Myra Partridge, but her place is being acceptably filled by Miss Dykes, who has been developing fast into a first class guard.

The forward positions will be taken care of by Misses Herd and Palmer, and both these ladies have been up to form in this week's practice.

The strength of the Cameron ladies has been proved in several games won this winter, and they expect to do at least as well as the Wesleyan men's team, which defeated the Normal here last month by one point.

The game begins at 8:30, so as to give all students time to attend the literary societies. It will, however, be called promptly at the above hour. Seats have been provided for 200.

### THE CALL TO ARMS.

The people of the United States will watch the mobilizing of 20,000 troops along the Mexican border with undisguised interest. That it has something to do with the state of affairs in Mexico is the accepted belief, notwithstanding the official announcement to the contrary.

The so-called revolution so far has not taken on serious proportions, but President Diaz is past 80 years of age and is reported to be seriously ill. In case of his death, the situation might easily become serious.

Citizens of the United States have in the neighborhood of a billion dollars invested now in Mexican lands, mines and enterprises. Many Americans live there, and only the prospect of a serious revolution has kept thousands more from locating in that land so rich in opportunity and promise.

If the purpose of the military movement in this country is to preserve neutrality and protect the lives and property of American citizens in case the Diaz government fails to do so, it will have the hearty approval of public sentiment. But we have not yet forgotten the unfortunate results of precipitately rushing warships into Cuban waters when Spain was quarreling with her children. The blowing up of the Maine and the consequent acquisition of the Philippines are signboards written in red that should point the way of caution and conservatism in such matters in future and for all time.

The noisiest bullfrog don't necessarily jump the farthest.

Representative Craig's county unit local option bill went to engrossment Thursday. Mr. Craig is not doing much talking, but he seems to be getting results.

We note with pleasure that in the coming dental meeting to be held here the following interesting subjects will be discussed: "Anatomic Occlusion of Artificial Teeth," "Casting Weston's Metal Coping Eliminating Dark Line," "Some Points Ni-Operative Technique," "Evolution Interchangeable Tooth Ni-Crown and Bridge Work," etc. We have often wondered what made it hurt so, but it all seems clear now. We look forward to a delightfully illuminating session, and extend a glad welcome to our friends, the complacent authors of so much painless pain.

### Cut Flowers, Plants

Speaking of Plants—we grow all leading varieties of plants for all purposes and have this season a larger and better stock than ever. ## GRAY HAIR TALKS

HAIR INDEX OF AGE. DON'T LOOK OLD.

How often one hears the expression, "She is gray and is beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hairs to become manifest. There is no necessity for this. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, the preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Koch Pharmacy.

## Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the sallow complexion, the pimply face, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it you can then buy it in the regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results. It is pleasant to take and does not gripe. It is especially good for all those who cannot stand a violent purgative.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 300 Caldwell building, Monticello, Ill.

## SERVICE NOT A REFORM SCHOOL

Secretary Nagel Orders Admission of Harry London.

CAME HERE TWELVE YEARS AGO

Will Not Deport Persons Who Become Objectionable After Being Admitted. States Which Let Them Become Undesirables Must Stand Consequences.

Washington, March 10.—The immigration service is not a reform school. It is intended to protect states and communities from foreign countries and not to return to those countries characters that have become objectionable by reason of our own influences.

This interpretation of the functions of the immigration service was made by Secretary Nagel of the department of commerce and labor in a decision ordering the admission of Harry London, a Chicago saloon keeper.

London came to the United States twelve years ago and had never been out of it until he went to Europe last year. He was detained at Ellis Island, New York, several weeks ago as an undesirable citizen because of his record in Chicago.

In announcing his decision the secretary declared: "There is every reason to believe that he is guilty of keeping a disreputable place in Chicago and that he perjured himself before the immigration board. This being accepted, ought we to exclude him? To return him would be to inflict him on a country which has no substantial part in the shaping of his career. He came here properly and what he is we have permitted him to become. All his offenses have been committed in this country and the authorities here ought to deal with him as he deserves, if he is guilty as the record discloses."

## FREE LECTURES OF INTEREST TO FARMERS

EXPERTS FROM COLLEGE OF AGRICULTURE TO TALK ON FARMING, IN THE COURT HOUSE  
7:30 P. M. THURSDAY, MARCH 23rd

Josephine, the World's Champion Cow, to be Exhibited Free on Special Wabash Train

EVERYBODY SHOULD ATTEND

An event of unusual interest, not only to the farmers of our county but to the people generally, are the coming lectures by the experts of the College of Agriculture, University of Missouri, and of the State Board of Agriculture.

The Democrat-Forum is informed that the Wabash special train, carrying the experts and their exhibits, will arrive at Maryville at 7:00 P. M. Thursday, March 23. The lectures will be delivered in the Court House, and everybody is cordially invited to attend.

The lectures will include such interesting subjects as "Better Farm Methods," "Modern Dairying," "Spraying," "Horticultural Work," "Soil Improvement," "Better Live Stock," etc.—every subject of great interest. An especially attractive feature of the exhibits carried on the special train will be "Missouri Chief Josephine," the world's champion cow, which, as some of us know, was born and raised on the Missouri Agricultural Farm. She offers wonderful evidence of the real dollars and cents value of farm methods as practiced at the College of Agriculture, and about which we are to hear at the lectures. There will also be shown some other thoroughbred stock owned by the College of Agriculture. This is some of the best stock ever produced in Missouri, or any other state, and will undoubtedly be interesting to see.

● The Democrat-Forum sincerely believes that these lectures will be of great interest and real practical help to everyone who hears them.

#### REMOVES DANDRUFF.

Puts Life Into Faded Hair and Stops Scalp Itch.

If your hair is dull and lifeless, is falling out and getting thin on top, then you need Parisian Sage, and the quicker you get it, the sooner you will thank the Koch pharmacy for selling you such a worthy dependable hair grower, dandruff cure and hair dressing.

Read what Mrs. M. A. May of 107 East Elizabeth street, Detroit, Mich., writes on June 6, 1910:

"I have used many 'hair restorers' but have received no apparent benefit until I tried Parisian Sage. My hair is soft and silky, and while before I commenced using the remedy my hair was falling fast, was dry and harsh, faded, and altogether unlovely, now just within the past few weeks several have remarked how lovely my hair was. It is also fine just for a dressing, leaving the hair soft and fluffy. It removes dandruff, and cures itching of scalp. I certainly take pleasure in recommending Parisian Sage."

Parisian Sage is sold by the Koch pharmacy and druggists everywhere. Get a 50-cent bottle today, use it for two weeks and if you are not satisfied that it will do all that it is advertised to do you can have your money back. The girl with the Auburn hair is on every package.

Tonight is ladies' night at Crystal.

#### GO TO THE RESCUE.

Don't Wait Till It's Too Late—Follow the Example of a Maryville Citizen.

Rescue the aching back. If it keeps on aching, trouble comes. Backache is kidney ache. If you neglect the kidneys' warning. Look out for urinary trouble—diabetes.

This Maryville citizen will show you how to go to the rescue.

Miss Harriett McClurg, North Thompson street, Maryville, Mo., says: "I have used Doan's Kidney Pills and am in a position to recommend them. I was troubled by pains in my back, hips and loins, and at times I could hardly get about. I was also caused annoyance by the kidney secretions. Doan's Kidney Pills, procured at Charles A. Love's drug store, relieved me at once and my health is now the best. I give the entire credit for the great change to this excellent remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

#### QUEERED.

## Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. With out that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.
